

AMBRIA COLLEGE OF NURSING

Judson University and Ambria College of Nursing joined forces to elevate nursing education in the Chicagoland area. Nursing students will benefit from an enriched curriculum, state-of-the-art facilities, and extensive academic resources, all designed to support their success in the medical field. Furthermore, both institutions are committed to serving and accommodating first-generation students, offering robust support systems and comprehensive financial aid packages to ensure all students have access to quality education and resources.

During the 2024-2025 academic year, many academic policies remain separate. Detailed information regarding policies, procedures, finances, and academic programs can be found in the catalog linked below.
