

INTERIOR DESIGN MAJOR WITH ARCHITECTURAL STUDIES MINOR

Bachelor of Arts in Interior Design with Architectural Studies Minor (Four-Year Plan)

Academic planning is the student's responsibility. This Graduation Plan is designed to be a guide to assist students as they plan their course selections. This is only a suggested schedule, and is not a substitute for a student's Advising Worksheet, nor the Program Requirements in the Judson University Catalog. Actual course selections should be made with the advice and approval of an academic advisor. Students should become familiar with the catalog in effect at the time at which they entered the institution. Course requirements and sequencing may vary with AP courses, transfer courses, English/math placement, or other conditions.

A full-time course load for undergraduate students is 12-18 credits per semester. Illinois residents receiving state aid should register for 15 hours per semester.

In addition to the courses below, chapel is required for all traditional full-time students (i.e., those taking 12 or more credit hours), both residents and commuters. This course counts as 1 credit towards a student's full-time status within the term, but does not earn credits towards graduation.

¹ First-time students (those entering college directly from high school) should take GEN101; transfer students should take ESS101

² ARC101 Shop Stewardship Materials and Processes (1 c.h.) is required for all students new to the Architecture Department at Judson University, to address insurance, liability and safety concerns. However, students with facility with the wood shop, assembly tools and processes may test out of this course, as arranged with the instructor, at the first day of the course offering. Until then, **all** new students must register for and attend this course.

³ Calculus requirement must be completed as a prerequisite to PHY237 General Physics I w/Lab (4 c.h.).

⁴ Designated Architecture and Interior Design studio courses carry a program fee resulting from the unique expenses of these majors. The fee is applied to studio courses from second semester of freshman year through graduate study. The program fee applies directly to the specialized programming, technology, materials and physical resources necessary to maintain the distinctive excellence of programs in the Department of Architecture. For ARC122 Communication and Architectonics (4 c.h.), the program fee is \$650. For all designated studios in the second year and above, the program fee is \$950.

⁵ ARC222 Construction Tectonics / Assemblies (3 c.h.) is only offered every other spring term. In those years when it is not offered, first-year students should swap this course with BST110 Intro to the Christian

Bible (3 c.h.), PSY111 Introduction to Psychology (3 c.h.), or SOC151 Introduction to Sociology (3 c.h.), and take ARC222 Construction Tectonics / Assemblies (3 c.h.) in the spring of the second year.

⁶ During the spring term of the second year, all students must submit application for the Mid-Program Review, for acceptance into the third year, or professional portion, of the architecture program. Students must achieve an overall GPA of 2.50 in all coursework and a 2.75 GPA in all ARC and INT coursework taken at Judson University, to date, including completion of all ARC and INT courses taken with a C- or better. A portfolio of works and a letter of intent are also required with the MidProgram Review application, as described in the Architecture supplement to the Judson University Student Handbook. Students must pass the mid-program review as a prerequisite for all 300 & 400 level ARC and INT courses.

⁷ The INT381 Interior Design Study Tour (5 c.h.) Interior Design Study Tour is a distinctive of the Judson Architecture program, and it is a required course. INT381 Interior Design Study Tour (5 c.h.) is a 4-week foreign study course, in Europe, focused on field-sketching, watercolor, history and place. INT381 Interior Design Study Tour (5 c.h.) is usually taken during the May-term following the third year of undergraduate study, or as applicable in a transfer sequence. INT381 Interior Design Study Tour (5 c.h.) has a separate trip cost of \$5600 + \$1375 summer tuition + \$100 fee + personal spending. Initial details for INT381 Interior Design Study Tour (5 c.h.) will be communicated prior to the end of the students' second year, and planning and preparation will occur throughout the students' third year, prior to the execution of the course, following the third year of study.
