

# COMPUTER SCIENCE DEPARTMENT

---

## Faculty

**Undergraduate Department Chair:** Jerry Schnepf

**Doctoral Program Chair:** Dana Onayemi

Quiana Bradshaw, Angelo Bravos, Chad Briggs, Clivens LaGuerre, Lanette Poteete-Young, Patrick Stephens, Vincent Scovetta

## Goals

The Computer Science Department strives to:

- Teach transdisciplinary exploration, innovation and application of knowledge in real-world, modern problem spaces
- Demonstrate the creation and study of how these fundamental concepts are embodied in and applied to real-world software solutions
- Give students master of the fundamental concepts and theories of computer science
- Establish a firm foundation in the concepts and media used through the program so as to facilitate future learning through the lens of a computer programmer
- Computer Science Major (<https://catalog.judsonu.edu/departments-divisions-programs/computer-science-department/cs-major/>)
- Computer Science Minor (<https://catalog.judsonu.edu/departments-divisions-programs/computer-science-department/cs-minor/>)
- Computer Science, Doctor of Education (<https://catalog.judsonu.edu/departments-divisions-programs/computer-science-department/computer-science-doctorate/>)
- MBA - Business Informatics (<https://catalog.judsonu.edu/departments-divisions-programs/computer-science-department/master-business-administration-informatics/>)
